## Columbia Credit Union Grants \$2,488 to Innovative Services NW for the Pediatric Therapy Assessment/Evaluation Update Project

Vancouver, WA - Innovative Services NW is proud to announce a \$2,488 grant from Columbia Credit Union for the Pediatric Therapy Assessment/ Evaluation Update Project. Innovative's Pediatric Therapy and Neurodevelopmental Center provides physical, speech, occupational, and specialty therapies for children birth through age 20 and Early Intervention services for children birth through age three. Quality pediatric therapy, for these children with disabilities or delays, begins with an accurate assessment of each child's greatest therapy needs. This grant award will allow us to expand our kits to meet demand and to continue updating our kits to reflect current best practices and the newest research. This project is essential because accurate and efficient assessments lay the groundwork for establishing a therapy plan that will help each child maximize their potential. We are very excited to receive this funding.

*L-R: Columbia Credit Union CEO, Steve Kenny, Innovative Services NW's Director of Health Programs, Susan Lehr, Innovative's VP of Client Services, Dena Strong, and Columbia Credit Union Chief Operating Officer and Innovative Board member, Lindsey Salvestrin*

Thank you to Columbia Credit Union!

---

*Innovative Services NW is a Vancouver-based nonprofit that offers a continuum of services including early learning, child care, and pediatric therapy for children; employment training and job support for adults with disabilities or disadvantages; intervention, education and support for foster youth and families; and adult day health care for senior citizens and adults who require daytime assistance.*
