Columbia Credit Union Grants \$10,000 to Innovative Services NW for Technology Improvements

Vancouver, WA - Innovative Services NW is proud to announce a \$10,000 grant from Columbia Credit Union toward Technology Improvements. Part of this grant, \$3,500, will complete the \$107,300 needed for Innovative to purchase/implement a new software for Accounting, HR and Fixed Asset system, along with the required hardware upgrades to accommodate the new software. The new software will provide the management team with accurate, detailed, timely information to help Innovative increase their effectiveness and sustainability. The remainder of the funds will be used toward the project to update Innovative's billing and scheduling software, primarily used by their Pediatric Therapy Clinic. Innovative has been serving Clark County since 1963. With growth in programs and clients served over the last several years, the organization has grown beyond the capabilities of their current outdated systems. These technology upgrades will allow Innovative's programs to better serve even more children, adults, and families in need in our community.

Thank you to Columbia Credit Union!

Innovative Services NW is a 54-year-old, Vancouver-based nonprofit that offers an array of services including early learning, child care, early intervention, and pediatric therapy for children; employment training and job support for adults with disabilities or disadvantages; and intervention, education and support for foster youth and families. www.innovativeservicesnw.org
