M.J. Murdock Charitable Trust Grants \$54,000 to Innovative Services NW for Technology Improvements

M. J. Murdock Charitable Trust of Vancouver, Washington, recently awarded Innovative Services NW \$54,000 toward their Technology Improvement Project. This grant will allow Innovative to purchase/implement a new software Accounting, Human Resources and Fixed Asset system, along with the required hardware upgrades to accommodate the new software. Innovative, with more than 160 employees and 12 programs, has grown beyond the capabilities of their current outdated systems. The new software will provide the management team with accurate, detailed, timely information to help Innovative increase their effectiveness and sustainability. This will allow them to better serve even more children, adults, and families in need in our community, now and into the future.
