Ogden Neighborhood Association and Vancouver Watershed Alliance Partnership Awards Two \$1,500 grants for Innovative Services NW's Natural Playground & Therapeutic Area

Vancouver, WA - Innovative Services NW is proud to announce two \$1,500 donations from the Ogden Neighborhood Association, in partnership with the Vancouver Watershed Alliance, for plants, planting materials and bark mulch in our new natural playground and therapeutic area. The Vancouver Watershed Alliance offers grants up to \$1,500 for community projects that enhance sustainability through volunteer-driven, on-the-ground environmental work or education through local neighborhood associations in the City of Vancouver. The Ogden Neighborhood Association sponsored Innovative for two of these \$1,500 grants for the playground project and acted as the pass through agency for the funds which will enhance our services for the children in our Early Learning program and the children, adults, and families in our Supervised Visitation, Adult Day Health, and Pediatric Therapy programs. Thank you to both the Vancouver Watershed Alliance and the Ogden Neighborhood Association!

Innovative Services NW is a Vancouver-based nonprofit that offers a continuum of services including early learning, child care, and pediatric therapy for children; employment training and job support for teens and adults; intervention, education and support for foster youth and families; and adult day health care for senior citizens and adults who require daytime assistance.
